

Department of Computer  
Engineering,  
Faculty of Engineering,  
Chulalongkorn University  
Bangkok, Thailand

5<sup>th</sup> November 2021

Dear Admission Committee,

It is my honor to write this recommendation letter on behalf of Dr. Teerapong Panboonyuen in a pursuit of his postdoctoral program at Institute of Science and Technology, Austria. Dr. Teerapong is one of the talented students from our Department of Computer Engineering, Faculty of Engineering, Chulalongkorn University. He has graduated with three journals at Remote Sensing journal (ISI Tier1).

I have known Dr. Teerapong as a thesis advisor for his master's and doctor's degrees since 2017. Currently he is working with me as a postdoctoral researcher until Jan-2022. In terms of his research performance, Dr. Teerapong has been published three journals (ISI Tier1), one journal under review, and four conference papers. Due to his academic performance, Dr. Teerapong has been received a prestige scholarship from the university for his doctoral and postdoctoral programs.

In terms of supports, Dr. Teerapong has been helping me as a teaching assistant in many courses, e.g., Data Science and Data Engineering, Big Data Tools, Computer Programming, etc. He is experienced in python, machine learning, deep learning, Spark, Hadoop, etc. In terms of his personalities, I found that Dr. Teerapong is a kind person and always tried to help people around him.

Considering his academic, experience, and his interest in this field, I (who has been working very closely with him) strongly believe that Dr. Teerapong will be very successful in his postdoctoral program at Institute of Science and Technology, Austria. Finally, I have never confident to say this in other recommendation letters, but only for Dr. Teerapong that I want to say that Dr. Teerapong is the best researcher and colleague that you will not feel regret to accept him under your postdoctoral program.

Sincerely yours,

Asst. Prof. Peerapon Vateekul, Ph.D.  
Department of Computer Engineering,  
Faculty of Engineering,  
Chulalongkorn University
